The **new range of plugs SAGOLA** presents **cutting-edge design**.
SAGOLA offers a wide range that gives cover 100% of market requirements.
Is incorporated **security versions**.

All steel and aluminum plugs are BSP; Males (BSPT) and females (BSPP).
Plug body made of treated steel and valve made of brass. So a guaranteed
life of more than 1,500,000 uses.

The new range of plugs **SAGOLA** incorporates a handle made of composite,
which gives a **high resistance** to both **attrition** and **drag**.
Attrition resistance tested in more than **48,000 impacts** and the equivalent
to a **crawl 12 km**.

Maximum pressure: 25 bar

Europerfil maximum pressure: 15 bar

Aluminum plugs maximum pressure: 20 bar

ALUMINUM PLUGS

ISO 6150

US-MIL range

Ultra-lightweight. 45 g. Body and shooter made of high strength aluminum.
Valve made of brass. Pins made of high strength steel.
Air coupling: 1/4" Flow: 68 m³/h. - 1,133 L/min.

CODE	Designation	Unidades
11010531	Enchufe ligero aluminio MACHO BSPT 1/4" US-MIL	1 ud.
11010431	Enchufe ligero aluminio HEMBRA BSPT 1/4" US-MIL	1 ud.
11010629	Enchufe ligero aluminio ESPIGA 8 mm. US-MIL	1 ud.

STEEL AND POLYMER PLUGS

ISO 6150

US-MIL range

Simple shutter plug, made of hardened steel with gasket made of Nitrile Butadiene.
Its excellent sealing prevent dirt penetrates inside. High strength sleeve.
Anti-whiplash **SAFETY plug** according to ISO 4414. Two movements (push-pull) to disconnect.
Air coupling: 1/4" Flow: 68 m³/h. - 1,133 L/min.

**NITTO
Range
Connectors**

Fully compatible with earlier lines of SAGOLA plugs. The size 2 plug is the most commonly used push plug in paint and body shops, and also in industry for the connection of all kinds of pneumatic tools. Silicone free. All springs, valves and pins made of stainless steel. All SAGOLA connectors are manufactured in high carbon steel making them extremely strong and stress resistant.

STEEL CONNECTORS

ISO 6150

US-MIL range

Paso de aire: 5.5 mm. Fully compatible with earlier lines of SAGOLA plugs. Made of high-carbon steel. Anticorrosive nickel etched finish. Connector without blocker.
